### **Achtung!**

Technische Geräte stellen einen beträchtlichen Wert dar. Sie sollten daher bei der Installation vorsichtig mit den Komponenten umgehen und diese bei Bedarf schützen.

Auch sollte, falls nötig, der Installationsbereich abgesichert werden. Herabfallende Teile können zu Verletzungen und Materialschäden führen.

Die im Lieferumfang enthaltenen Materialien sind unter Umständen nicht für die speziellen Gegebenheiten am Installationsort geeignet. Bitte prüfen Sie dies vorab und ersetzen Sie diese bei Bedarf durch geeignete Materialien.

Falls Sie Bezüglich der Installation des Produkts unsicher sind oder noch Fragen haben wenden Sie sich an uns oder anderes ausgebildetes Fachpersonal.

### **Caution!**

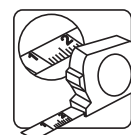

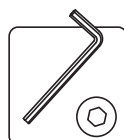

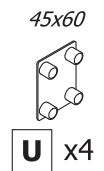

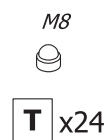

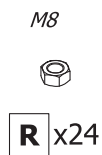

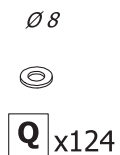

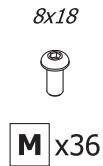

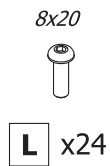

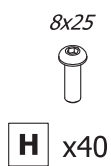

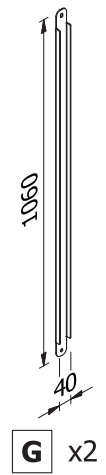

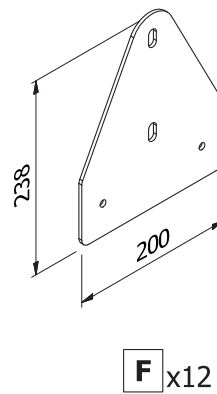

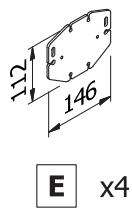

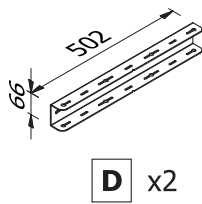

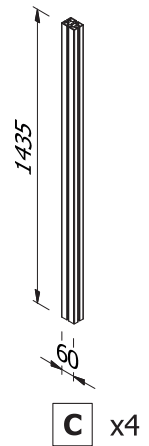

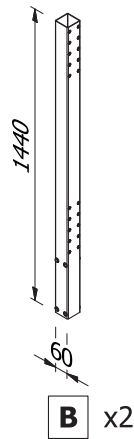

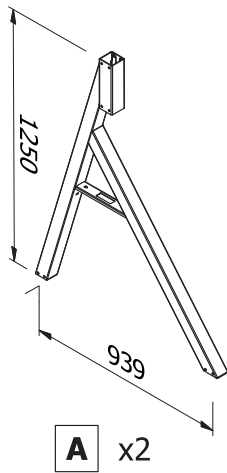

Technical devices are of considerable value. You should therefore handle the components carefully during installation and protect them if necessary.

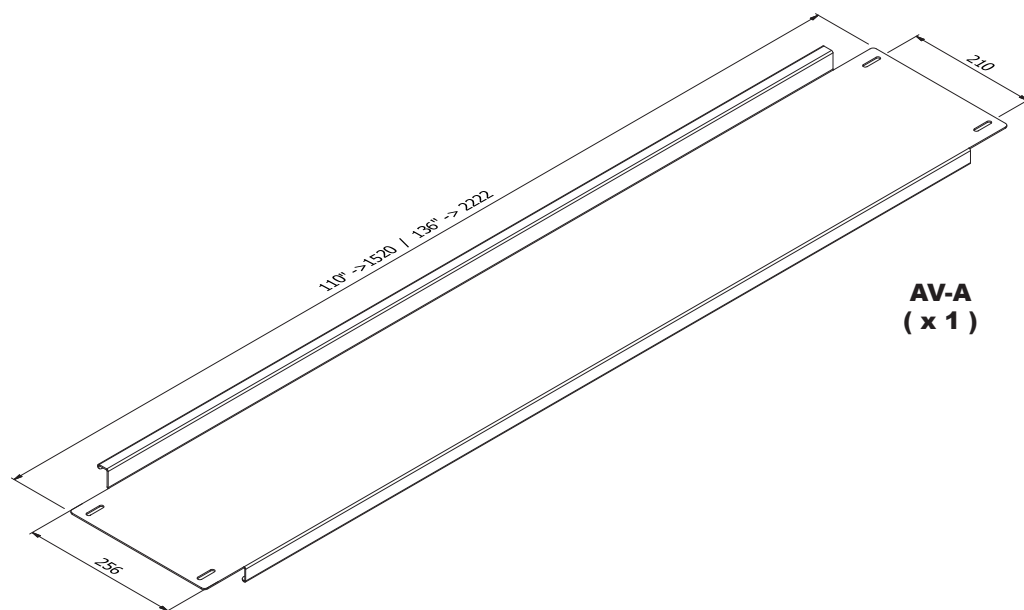

If necessary, the installation area should also be secured. Falling parts can cause injuries and material damage.

The materials included in the scope of delivery may not be suitable for the special conditions at the installation site. Please check this in advance and replace it with suitable materials if necessary.

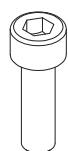

If you are unsure about the installation of the product or have any questions, please contact us or other trained specialists.

## 1 Nutensteine einsetzen | Assembly sliding nuts

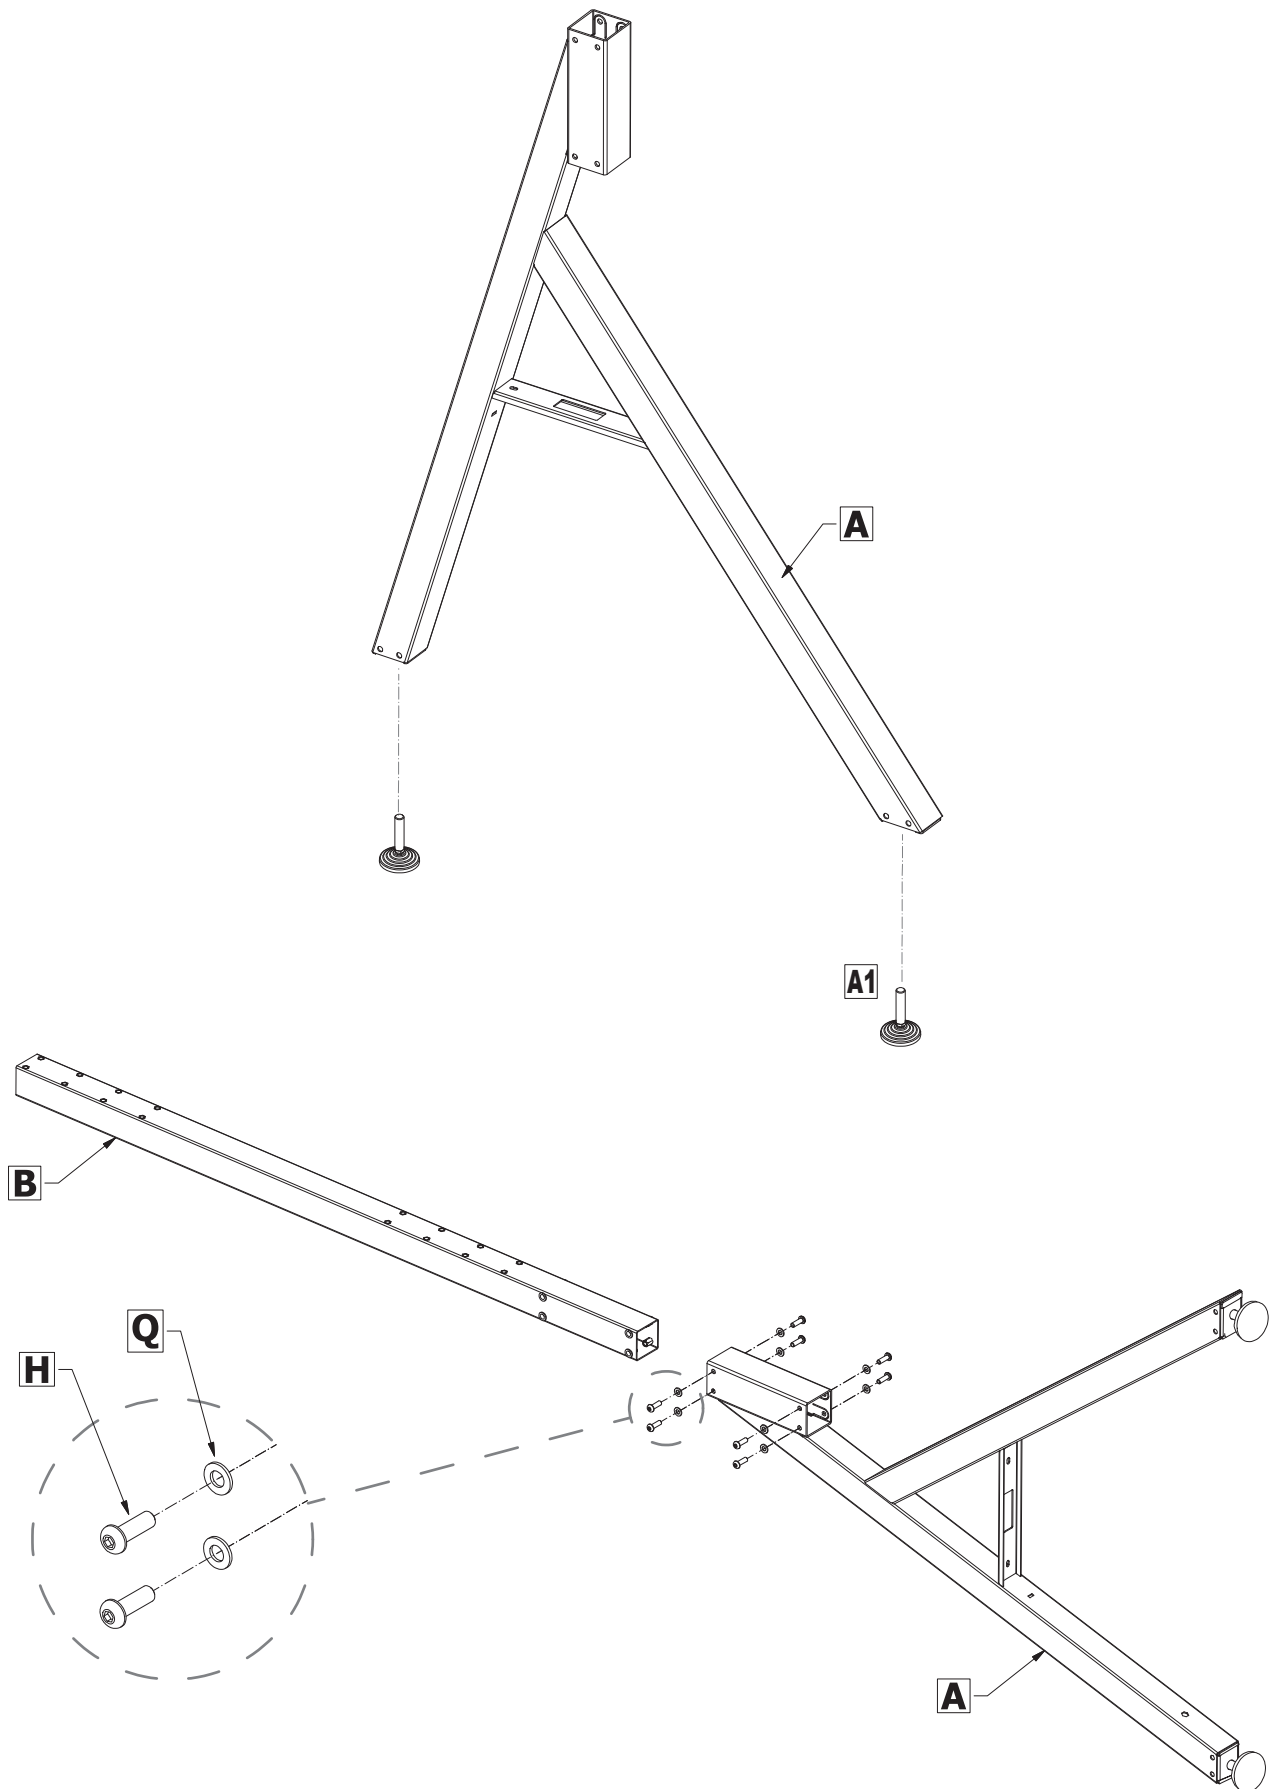

## 2 Verbinden der horizontalen Schienen | Connecting the horizontal rails

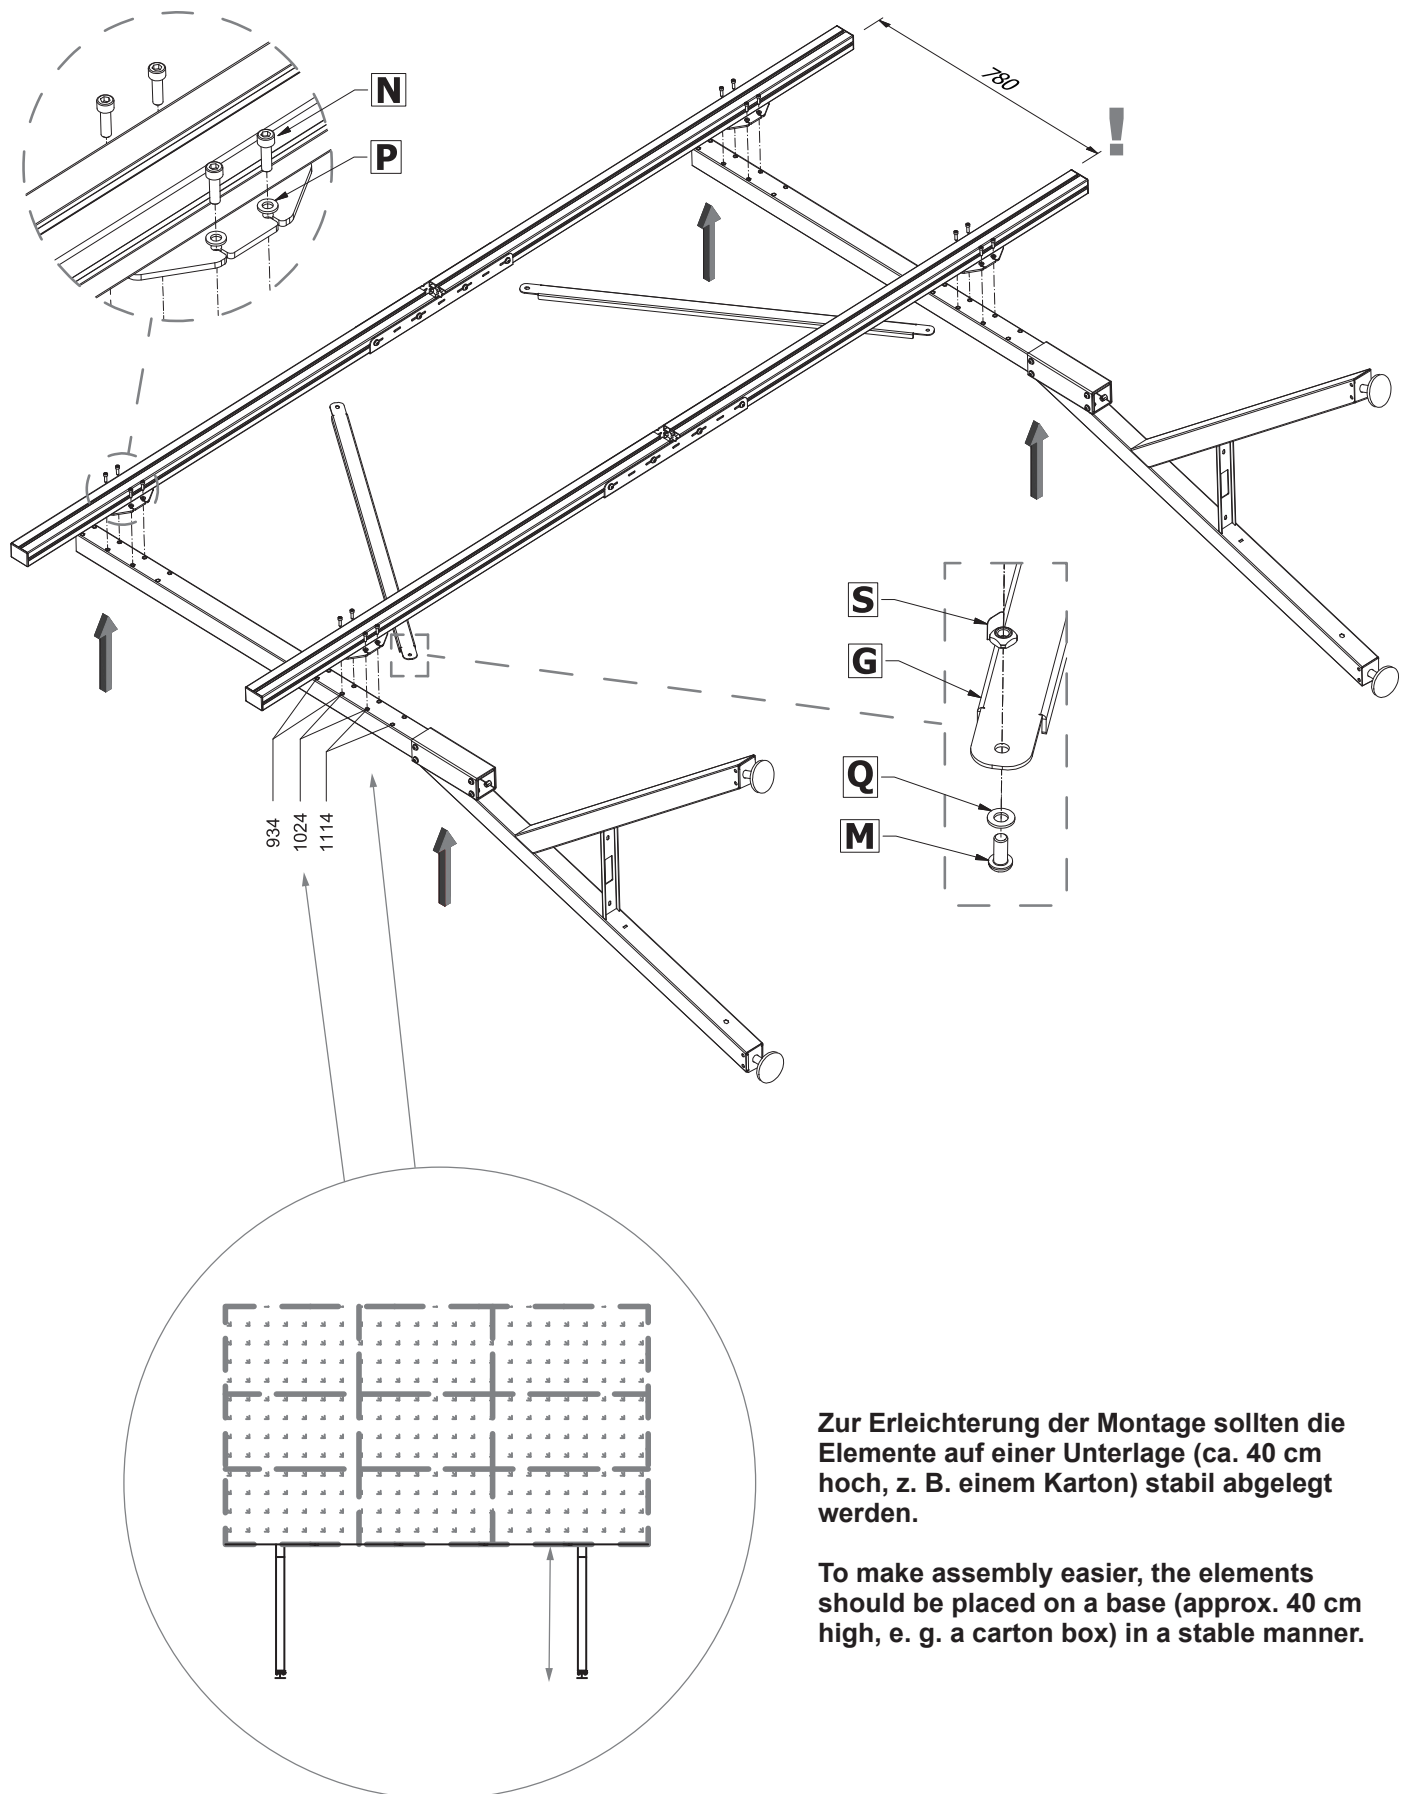

Messen Sie die Abstände OHNE Stopper. | Measure the distances WITHOUT the stopper.

### 3 Verbinden der Basis-Elemente | Connecting of the basic elements

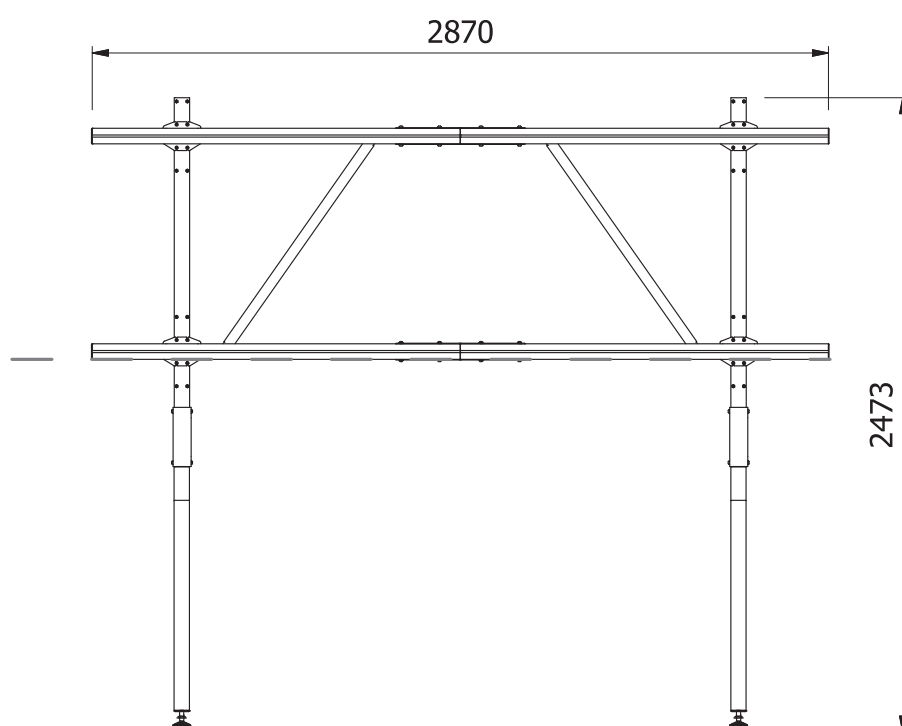

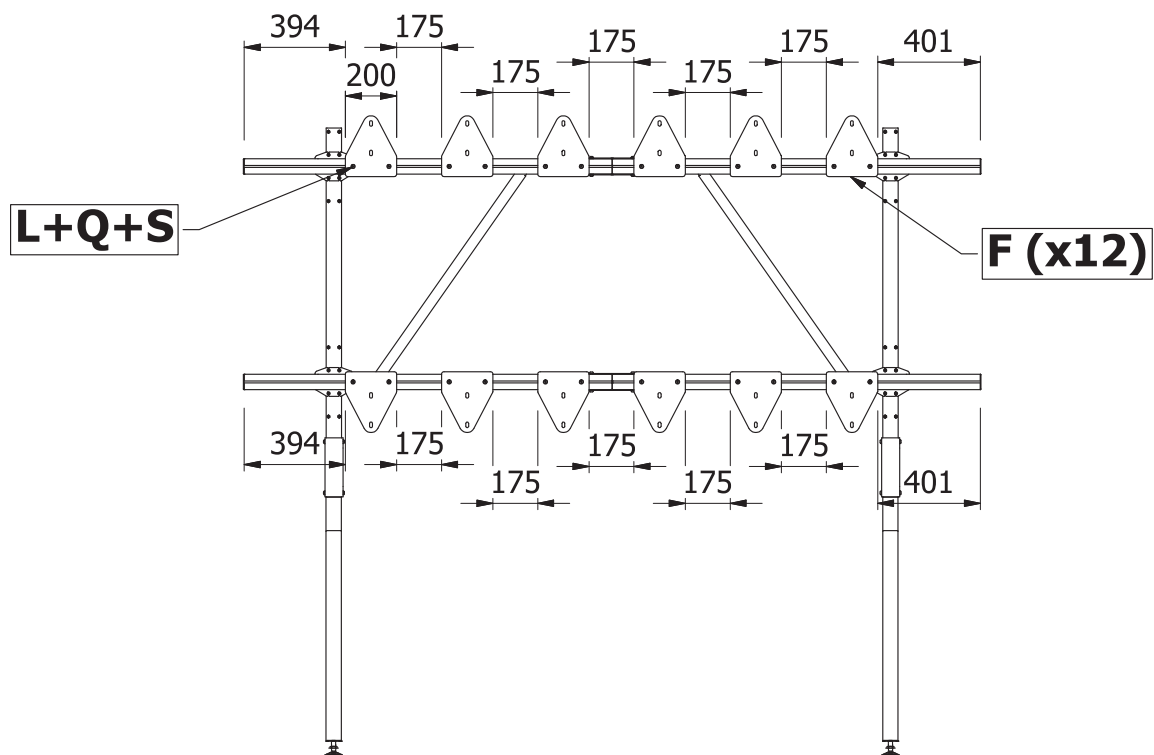

## 4 Basis und horizontale Schienen verbinden | Connect base and horizontal bars

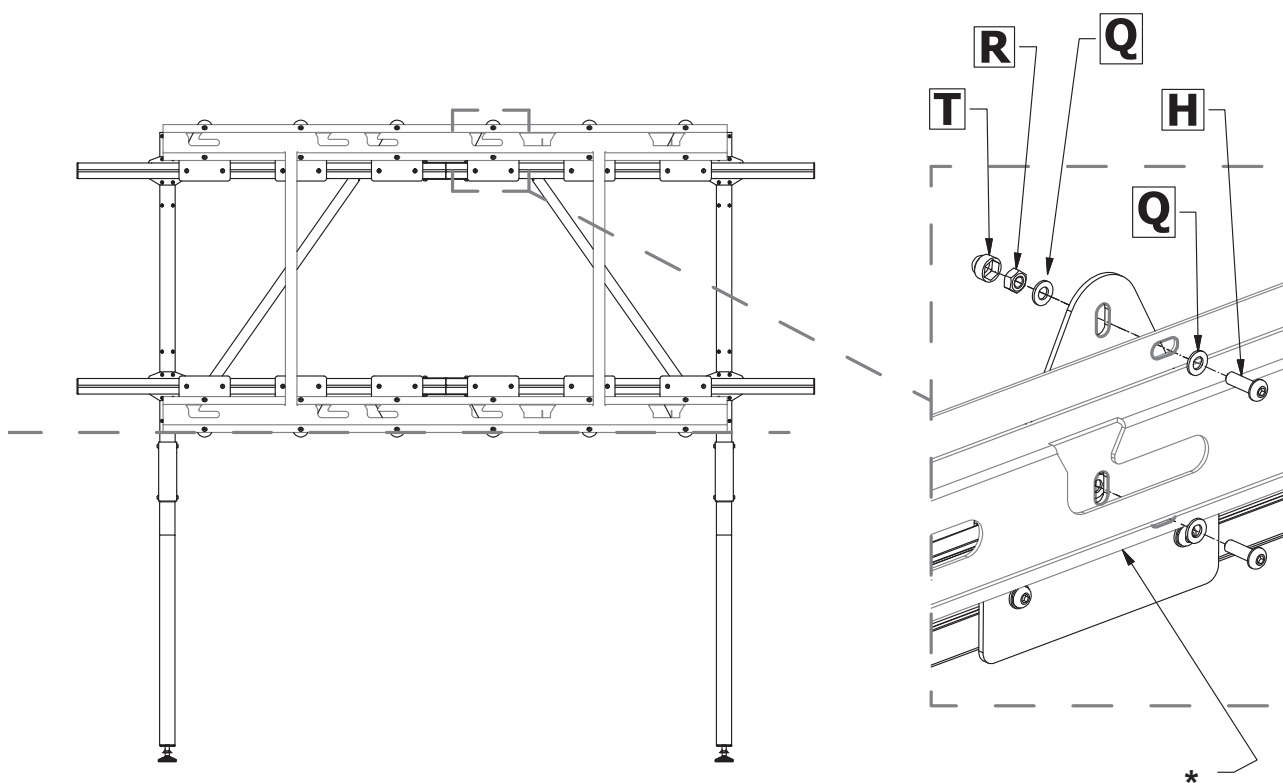

Zur Erleichterung der Montage sollten die Elemente auf einer Unterlage (ca. 40 cm hoch, z. B. einem Karton) stabil abgelegt werden.

To make assembly easier, the elements should be placed on a base (approx. 40 cm high, e. g. a carton box) in a stable manner.

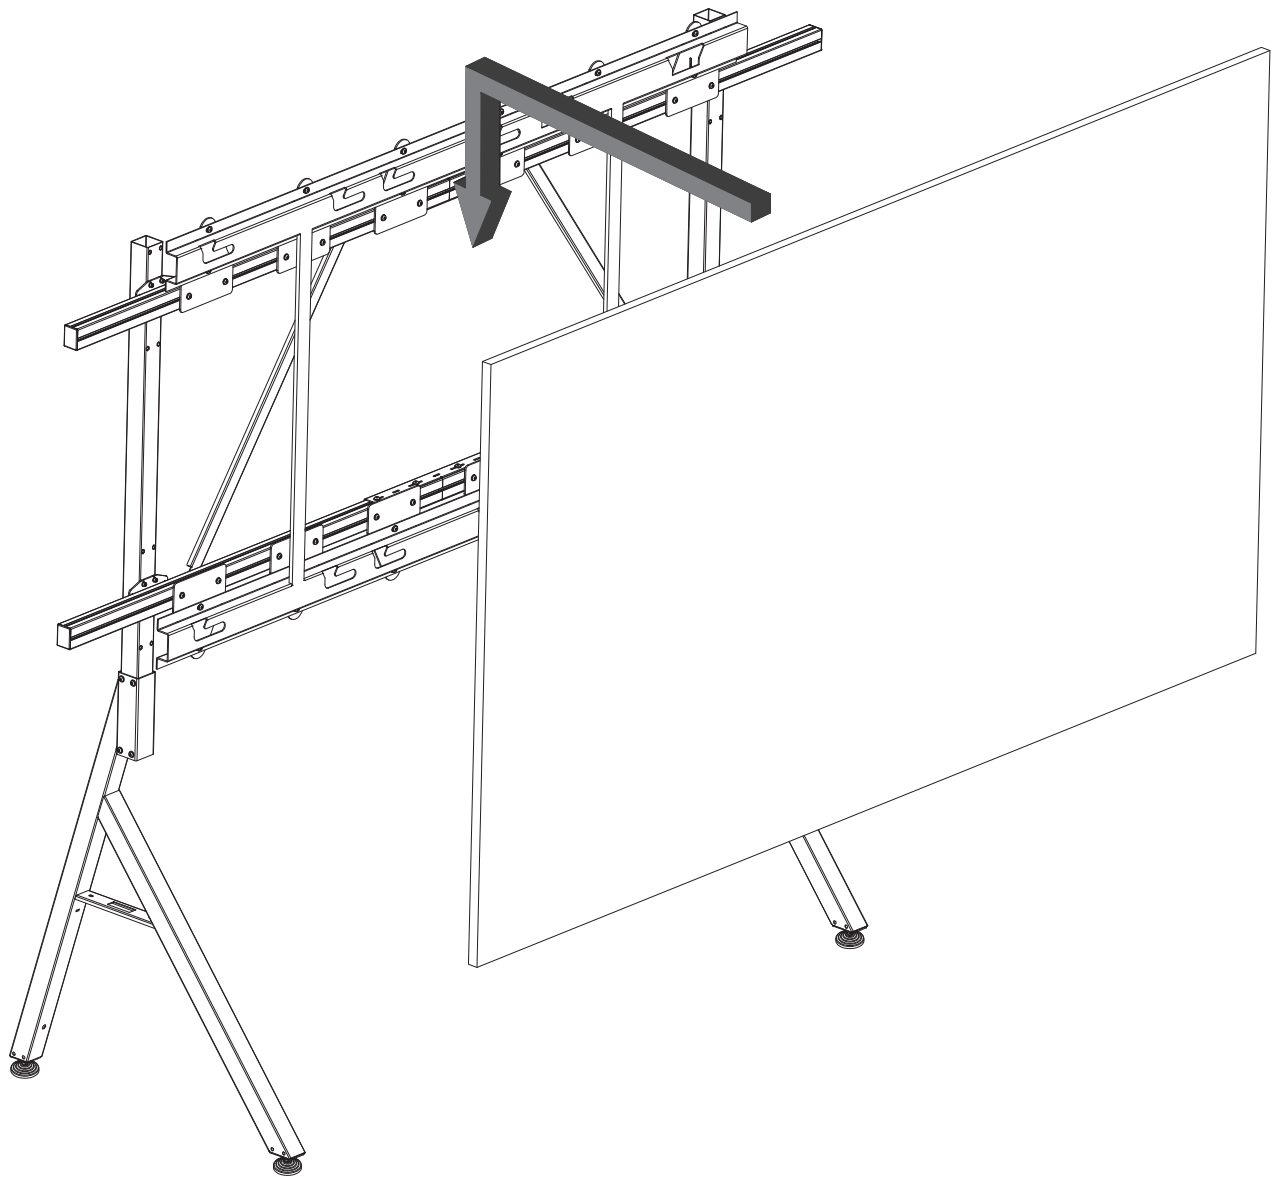

Messen Sie die Abstände OHNE Stopper. | Measure the distances WITHOUT the stopper.

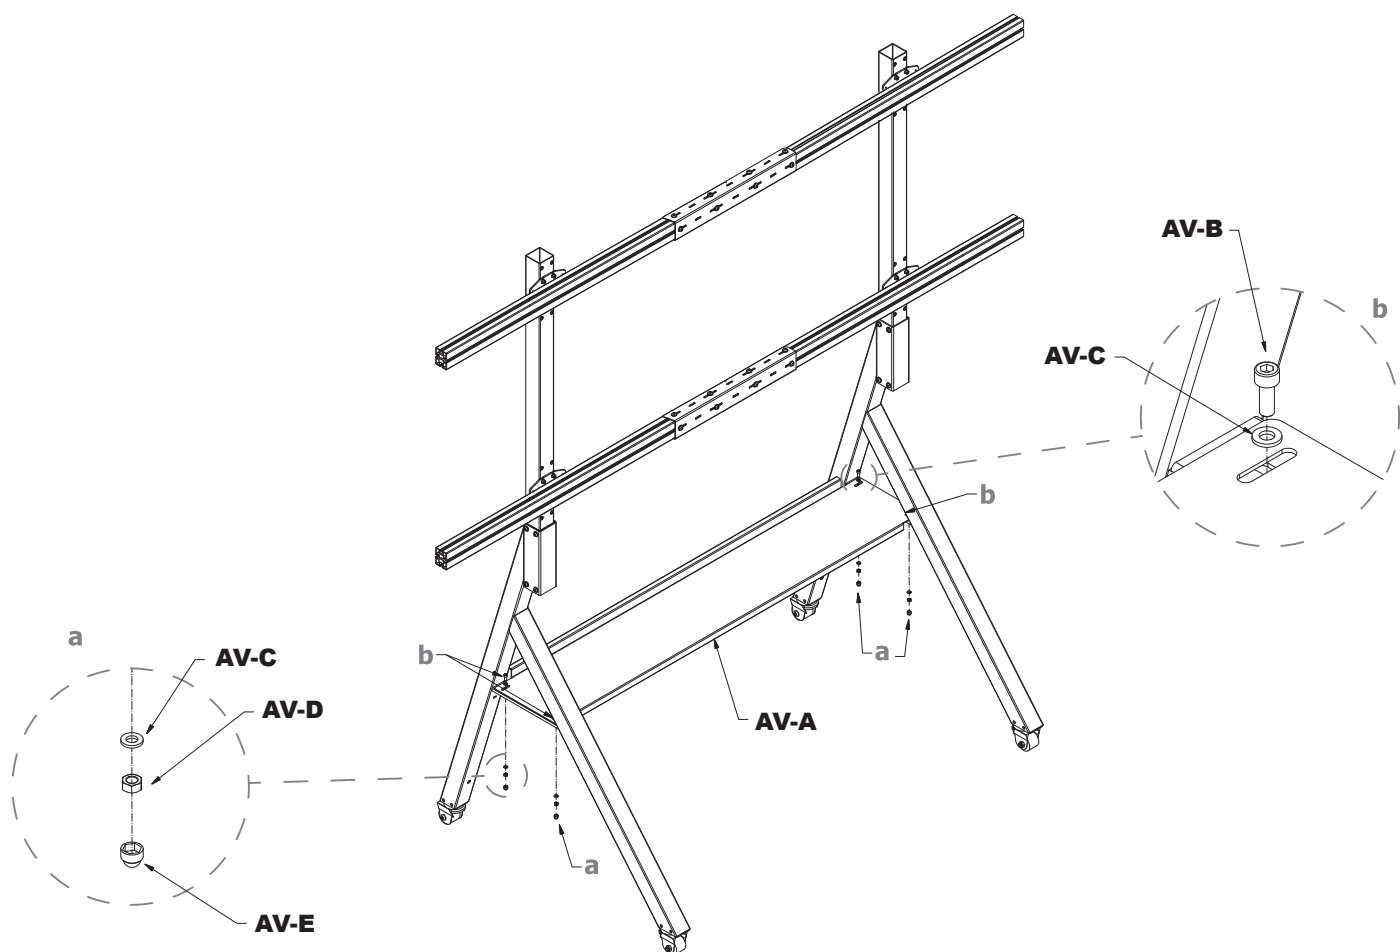

**\*Halterung LG ist nicht im Lieferumfang enthalten.**

**\*Bracket LG is not included in scope of delivery.**

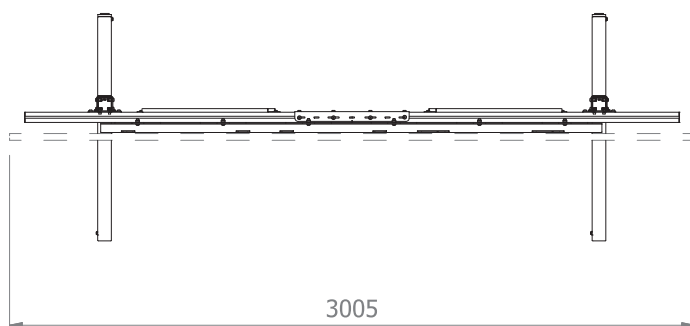

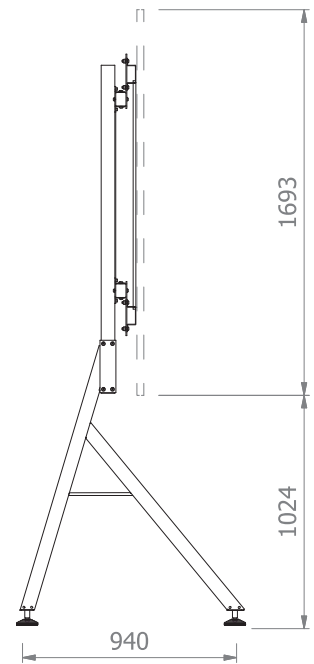

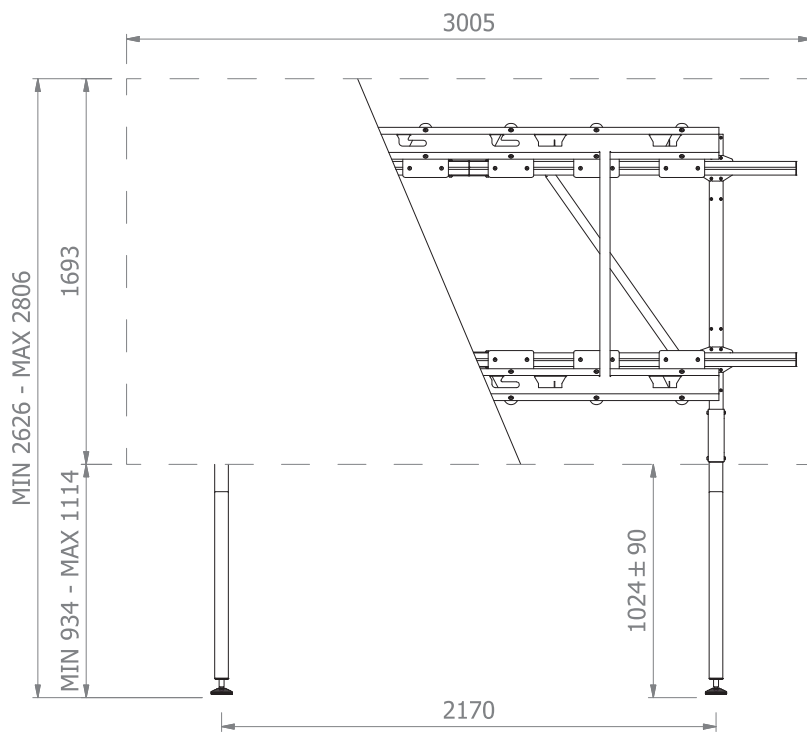

**Überprüfen Sie die korrekte Ausrichtung mittels Laserwasserwaage.  
Zur Cabinet-Montage schauen sie bitte in die Bedienungsanleitung des Herstellers.**

**Verify the correct alignment with laser level.  
For cabinet assembly, consult the manufacturer's instructions.**
